Syracuse University Policies

University Attendance Policy: Attendance in classes is expected in all courses at Syracuse University. Students should arrive on campus in time to attend the first meeting of all classes for which they are registered. Students who do not attend classes starting with the first scheduled meeting may be academically withdrawn as not making progress toward a degree by failure to attend. Instructors set course-specific policies for absences from scheduled class meetings in their syllabi. It is a federal requirement that students who do not attend or cease to attend a class be reported at the time of determination by the faculty. Faculty should use “ESPR” and “MSPR” in Orange Success to alert the Office of the Registrar and the Office of Financial Aid. A grade of NA is posted to any student for whom the Never Attended flag is raised in Orange SSuccess.

Diversity and Disability: Syracuse University values diversity and inclusion; we are committed to a climate of mutual respect and full participation. There may be aspects of the instruction or design of this course that result in barriers to your inclusion and full participation in this course. I invite any student to meet with me to discuss strategies and accommodations (academic adjustments) that may be essential to your success and to collaborate with the Center for Disability Resources (CDR) in this process

<https://disabilityresources.syr.edu/>. They coordinate disability-related academic accommodations and will work with the student to develop an access plan. Since academic accommodations may require early planning and generally are not provided retroactively, please contact CDR as soon as possible to begin this process at (315) 443-4498 or by email at disabilityresources@syr.edu.

Academic Integrity Policy: Syracuse University's Academic Integrity Policy reflects the high value we, as a university community, place on honesty in academic work. The policy defines our expectations for intellectual honesty and holds students accountable for the integrity of all work they submit. It is a student's responsibility to understand the course-specific and university-wide academic integrity expectations. The policy governs appropriate citation and use of sources, the integrity of work submitted in exams and assignments, and the integrity of signatures on attendance sheets and other verification of participation in class activities. The policy also prohibits students from submitting the same work in more than one class without receiving written authorization from both instructors. Under the policy, students found in violation are subject to grade sanctions determined by the course instructor and non-grade sanctions determined by the School or College where the course is offered, as described in the Violation and Sanction Classification Rubric. SU students must read an online summary of the University's academic integrity expectations and provide an electronic signature agreeing to abide by them twice a year during pre-term check-in on MySlice.

Use of Artificial Intelligence

Based on the assignments in this course and our specified learning outcomes, the full use of artificial intelligence as a tool, with disclosure and citation, is permitted in this course. Students do not need to ask permission to use these tools before starting an assignment, but they must explicitly and fully indicate which tools were used and describe how they were used. Submitted work must be written by the student and express ideas in the student's own words.

Obligation to report suspected violations. Members of the academic community, students, faculty, and staff are expected to report violations of these standards of academic conduct to the appropriate authorities, including the relevant instructor.

Mental health and overall well-being are significant predictors of academic success. As such it is essential that during your college experience you develop the skills and resources effectively to navigate stress, anxiety, depression and other mental health concerns. Please familiarize yourself with the range of resources the Barnes Center provides

<https://experience.syracuse.edu/bewell> and seek out support for mental health concerns as needed. Counseling services are available 24/7, 365 days a year, at 355.443.8000.
